

Delivering Innovative Timekeeping & Workforce Management Solutions Since 1988.

## FOR IMMEDIATE RELEASE

### GALAXY EXPANDS ENGINEERING TEAM

**MADISON, WI, August 29, 2007** -- Galaxy Technologies, Inc. announces the additions of three key members, with a combined total of approximately 5 decades of experience to its Engineering team- Dan Phelps, Jim Reidemann and Ryan Liljestrand.

Dan Phelps joins Galaxy in the role of Chief Application Architect. With over 20 years of software industry experience and leadership, as well as a background in a broad range of technological environments, Dan spearheads the architecture and ongoing technical evolution of Galaxy's flagship product- TimeStar Enterprise™.

Jim Reidemann brings his 2 decades of experience to Galaxy in the role of Senior Database Engineer. Jim's focus is to help support the aggressive feature-growth roadmap within the Galaxy product line. Jim is also dedicated to leveraging his vast Microsoft® SQL-Server™ expertise to continually fine-tune the performance and scalability of the TimeStar Enterprise™ solution.

Ryan Liljestrand joins the Galaxy team adding almost 10 years of experience as Reporting Engineer. Ryan's expertise in reporting design theory brings a dedicated engineer to the Galaxy team, focusing on the end-user experience of the TimeStar Enterprise™ reporting engine.

#### **About Galaxy Technologies**

Galaxy was built and remains fundamentally centered on engineering and development with a consultative approach. Over three-fourths of the Galaxy team are Engineers and/or Software Consultants with the technical experience and "know-how" to ensure clients receive the expert attention, training, and ongoing support needed to keep HRIS projects in-line with specific business needs.

Headquartered in Madison Wisconsin with offices and partners located throughout North America, Galaxy has been developing and delivering innovative labor productivity tools since 1988. Galaxy's principle products include software solutions to track, allocate, analyze, and control labor resources. Galaxy also offers a comprehensive range of automated time collection devices for all employee populations. Galaxy is a distinctive organization with an extensive background in creating and developing a complete system solution in a variety of operational areas, with particular focus in time & attendance, human resources, payroll and data collection systems.

Galaxy is at 2990 Triverton Pike Dr, Madison, WI 53711. For more information visit [www.galaxy-inc.com](http://www.galaxy-inc.com) or contact Galaxy Technologies, Inc. at 800.814.9096 or [information@galaxy-inc.com](mailto:information@galaxy-inc.com).
