

Delivering Innovative Timekeeping & Workforce Management Solutions Since 1988.

## FOR IMMEDIATE RELEASE

### **GALAXY PROFESSIONAL SERVICES TEAM GROWS**

**MADISON, WI, October 12, 2007** -- Galaxy Technologies, Inc. announces the expansion of its Professional Services Department with the addition of six new team members.

Mike Madden, Shri Kunche, and Erik Johnson have recently joined the Galaxy team as Software Application Consultants for Galaxy's flagship product TimeStar Enterprise™. As technicians, their focus is on guiding customers through business application configuration and completing system implementations while providing the highest level of ongoing customer satisfaction.

Jana Highwart comes to the Galaxy team as a Software Application Consultant focusing her attention on the Sage Abra HRMS Suite, a key element in Galaxy's overall "punch-to-paycheck" workforce management solutions. As an Abra technician, Jana works closely with Abra customers assisting them in the step-by-step process of configuring and implementing solutions all the while providing stellar customer service.

Mike Ebeling has joined Galaxy in the role of Hardware Technician. As a Hardware Technician, Mike centers on implementing, configuring and supporting Galaxy's devices, developing options, and integrating the latest technologies allowing Galaxy to offer the most comprehensive variety of data collection options available.

Joining the Galaxy team in the role of Project Coordinator is Carrie Anne Krall. Carrie Anne's focus is assisting in the overall management of Galaxy's implementation projects to ensure closure on-time and in budget while exceeding the customer's expectations.

#### **About Galaxy Technologies**

Galaxy was built and remains fundamentally centered on engineering and development with a consultative approach. Over three-fourths of the Galaxy team are Engineers and/or Software Consultants with the technical experience and "know-how" to ensure clients receive the expert attention, training, and ongoing support needed to keep HRIS projects in-line with specific business needs.

Headquartered in Madison Wisconsin with offices and partners located throughout North America, Galaxy has been developing and delivering innovative labor productivity tools since 1988. Galaxy's principle products include software solutions to track, allocate, analyze, and control labor resources. Galaxy also offers a comprehensive range of automated time collection devices for all employee populations. Galaxy is a distinctive organization with an extensive background in creating and developing a complete system solution in a variety of operational areas, with particular focus in time & attendance, human resources, payroll and data collection systems.

Galaxy is at 2990 Triverton Pike Dr, Madison, WI 53711. For more information visit [www.galaxy-inc.com](http://www.galaxy-inc.com) or contact Galaxy Technologies, Inc. at 800.814.9096 or [information@galaxy-inc.com](mailto:information@galaxy-inc.com).
